

NORMAL-INDIAN GAME IS REMINDER OF OLDEN DAYS

Schools That Meet Saturday Used to Scrap It Out For State Championship in Days When Dope Was Scarce

(Special to The Republican)
TEMPE, Nov. 29.—Memories of years ago when Tempe Normal and the Indian school of Phoenix used to fight it out for the state championship are recalled by Tempeans on the announcement of the big valley championship game scheduled for next Saturday between teams of these two schools. Most usually the victors were the victors against the husky red skins, but there was never a time when one could predict with any degree of certainty which side would win. Just this is the case with next Saturday's game, the Indians have beaten the Normal once this season, then again the Normal trimmed Phoenix high as the Indians did recently.

Normal too, is strengthened considerably, and even though it now appears that Adams, the Pedagogues' half back and heaviest man will be out of the game on Saturday, the available dope on this side of the river seems to favor the teachers' school. Schaefer had his men out for the initial practice in anticipation of the coming game last Saturday afternoon, and again this evening the men went through a hard grind. Every man on the team figures that this is the one big game of the season, the valley championship is at stake, and with that in mind every man is working with all of the vigor and vim there is in him.

NO GETTING AT TRUTH ABOUT BAGS O' DUCKS

McDonald's Friends Say He Has Thousand Birds, But He Denies This, Remembering Law's Limit

Men are deceivers, ever, says a pretty old verse, and it applies to going hunting, as well as to flirtations. Mess's gunners are not the only ones that go out seeking what they may shoot with their trusty scatter guns, and then come back and fib about it. County Treasurer George A. McDonald returned yesterday from a three day trip. One friend of his said the party brought back something just under a thousand ducks. This started an investigation by the state game warden's department, and George swore he had not seen, by a good many, that his hungry friends had credited him with having. The truth about it will probably never be known. But this much is sure, Mack had a grand hunt.

A SAD STORY.

Singly and doubly, in groups and in crowds, the fellows asked the heads of the Cubs to organize a team so that they could play football. Those in charge took the matter up and called a meeting to elect a captain and manager for the team. About seven or eight turned out for this meeting. Practice was called for the 30th day afternoon following. Three were out. The next practice was called for Wednesday, on which day five were present, and on Friday the manager, the captain and one other member were at the post. Yesterday afternoon six were out, two of them being half an hour late.

Practically no practice is called for the LAST time. All those who want to play football any more this season had better be out for if a good crowd is not present there will be no team. Cubs and all who wish to be Cubs are requested to be present at this deciding meeting, 1221 North Second street.

Signed, LEWIS IRVINE, Sec.

MAY BE SOME CHORE GETTING M'KALE TO REFEREE AT TEMPE

University Coach on Hunting Trip; Comparison of Scores of Normal and Indian Game, But No Conclusions

Although announcement has been made that Coach Vene and Schaefer of the Indian and Normal teams, which meet on the gridiron next Saturday, have fixed upon Coach McKale of the university as referee, it is likely that the Tucson man will not be available. Word came from the Elima city yesterday that McKale had gone on a week's hunting trip, and expected to plunge into the work of developing the university's basket ball team on his return to civilization next Saturday.

Speculation here over the Normal-Indian game will result in considerable friendly betting, it is thought. The teams are very closely matched. There are two means of comparison, one through the game played at the Indian school between the two present contenders, and the other through Phoenix high, which has played both. The scores: Indians, 19; Normal, 7. Indians, 11; Coyotes, 9. Normal, 11; Coyotes, 7. Normal, 6; University, 7. Indians, 6; University, 56. The latter two scores are added gratis. At the time of the Normal-Varsity game, the U of A. was weakened by lack of practice. When the Braves went up against the Tucsonians, they were short Butler and Shaw, who constitute 94-106 per cent of the team, according to some observers.

AMBITIOUS LIGHTWEIGHT WOULD MEET CHAMPION

MILWAUKEE, Nov. 29.—Ritchie Mitchell, Milwaukee lightweight boxer, tonight posted \$1000 forfeit with Tom Andrews, promoter, to back up a challenge to Freddie Welsh for the championship, a \$5000 side bet and any part of the purse promoters may offer him.

GLENDALE HIGH SCORES DOUBLE WIN, FLORENCE

The Glendale high school won both games of basket ball from the Florence high school at Florence, the boys 26 to 14 and the girls, 64 to 2. In the girls' game the Glendale players had the ball almost continually in their possession. The Florence forwards were unable to make a field goal, the two scores being made from the foul line. The Glendale forwards, J. Campbell and N. Long played an excellent game, making many difficult throws for the basket and piling up the large score against the Florence team.

Score, first half—Glendale, 39; Florence, 1. Game—Glendale, 62; Florence, 2. The boys' game was very rough, many fouls marking it. Irwin of Florence broke his nose when he charged into C. Pitts. He continued the remainder of the game. Florence made ten of their scores in the last few minutes of the game.

Score, first half—Glendale, 13; Florence, 4. Game—Glendale, 26; Florence, 14. Those playing were: (Girls) Glendale—J. Campbell, Long, Green, Roberts, G. Campbell, Brooks, I. Campbell, Feedback. Florence—Hall, Foxwell, Wiggins, Wren, Forman, O'Connor.

(Boys) Florence—Irwin, Jose, Huero, Arnold, Larson. Glendale—W. Grassie, Riorden, A. Grassie, Pitts, Bortey. Referee—Karcher. Umpire—Sullivan.

Ocean-to-Ocean Highway Bulletin

Raton, N. M., Nov. 24.—Roads very good from Trinidad to Las Vegas. No snow on Raton pass cars going daily.—B. C. Sperry.

East Las Vegas, N. M., Nov. 24.—The roads are all in first class condition in all directions.—William Whaler.

Santa Fe, N. M., Nov. 24.—Weather continues clear and the roads from Las Vegas to Santa Fe, and from Santa Fe to Albuquerque are in fine shape.—James A. French, state engineer.

Albuquerque, N. M., Nov. 24.—Ocean to Ocean highway from Santa Fe to Albuquerque, good. From Albuquerque to Socorro, good. Weather ideal for travel.—D. K. B. Sellers.

Magdalena, N. M., Nov. 24.—Ocean to Ocean highway from Socorro to Magdalena and on to Springerville, Arizona, in good, travelable condition, though somewhat dusty.—J. S. Macintosh.

Springerville, Ariz., Nov. 24.—Tourists from east report road in good condition. Road to Whiteriver OK.—Gustav Becker.

Whiteriver, Ariz., Nov. 24.—Mountain has about three inches of snow. Black Canyon is bad but one car came down today.—W. M. Peterson.

NATIONAL LEAGUE MEET ONLY TWO WEEKS AWAY

NEW YORK, Nov. 29.—The annual meeting of the National League will be held Tuesday, December 14 it was announced by President John K. Tener tonight. The board of directors will meet the same day.

CONNECTING UP GOV'T BRIDGES

United States Supervising Work on Highway Between Its Two Isolated Bridges Over San Carlos and Gila Rivers

(Special to The Republican)
SAFFORD, Nov. 29.—Supervisors Geo. A. Foote and Geo. A. Matthews and Clerk of the Board Benj. Blake motored to San Carlos, where they met the supervisors of Gila county and a delegation of good road boosters from Globe, for the purpose of going over and inspecting the new road now being built between the government bridges on the Gila and San Carlos rivers, which is being done under the supervision of Lieutenant Stecker.

They found the work on the road progressing rapidly and near completion, and that soon the final work of constructing several bridges over small ravines will be begun.

The new road when completed will be one of the best in the state, and will complete the link on the southern national highway between Graham and Gila counties.

Supervisors Adams, Matthews and Clerk Blake returned home well pleased with the trip and the knowledge gained that the new road will soon be completed for through traffic.

HUFF MANAGES TO GET FEW CARS FOR ARIZONA

Four carloads of Studebakers, seized right out of the hands of the rapacious motor car buyers of southern California, were secured by John Huff of the Harmon Motor company, this city, for the local trade. Huff, who returned yesterday, brought a convincing word to the hankers after Studebakers in the local district.

The score of cars that will be delivered to the Arizona market by Huff upon the general distributors in Los Angeles last week will but what the demand in the Arizona district says it will be the Merry Old Christmas itself, before all the wagons are available here, and in the interim, there will be no car left on the floor for demonstration.

ADAMS INSPECTS WORK ON HOLBROOK BRIDGE

E. P. Adams, who traveled about the north part of the state for several days during the past week, representing the state engineer's office, reported his arrival yesterday morning that the cold weather seemed to be setting in for fair in the upper part of the state.

Mr. Adams inspected the work now in progress on the new bridge over the Little Colorado river near Holbrook.

This will be a concrete structure, similar to the Canyon Diablo bridge, and will probably be opened to traffic on February 1st. The old iron bridge at this place was washed out by the fine sand flood of the year, and the new bridge will be greatly appreciated by those who have occasion to travel in that part of the country.

The bridge is to be in the neighborhood of 175 feet in length.

THE ROTARY MOTORCADE

Eighty Have Agreed to Make Trip to Castle Hot Springs Saturday For the Annual Ladies' Night Celebration of Club

Every indication points to a big motorcade to Castle Hot Springs, Saturday, when the Phoenix Rotary club will surprise its members with a hot program at that popular resort. Annual ladies' night will be celebrated among the charming surroundings at the big tourist hotel, following a joyful ride of some 68 miles across a desert made attractive by the winter's coyness.

About eighty have signified their intention of making the trip. Musical and minstrel entertainers have been engaged and will be taken along either by auto or by trail. The hotel has made a special rate for the entertainment of Rotary guests, some of whom will remain over the week end.

The chief events on the program will be the dinner, to be given at seven o'clock Saturday evening, and the dance that will follow.

The roads will be found in much better condition now than they were during the summer, when the dust was annoying, until the rain came, and then the washes were just about as bad as the dust. The best route will be found via Glendale, over the newly surfaced Grand avenue boulevard, past Peoria to Morristown, thence to the hotel by the splendid scenic route, that is maintained by the company.

Many will leave early enough Saturday morning to spend a few hours on links, or at the baths, before the formal Rotary program is started.

OAKLAND "8" EXPECTED BY CHAS. E. PETERSON

Charles E. Peterson, of the Oakland Auto Sales Co., has received word from the factory that one of the new Oakland "Eights" will be included in his next carload shipment, and that he will undoubtedly be able to get several more of them before the holidays. This interesting car will certainly receive a lot of careful attention from local motor fans on its arrival, for it is known that it possesses a number of exclusive features that no other "eight" shows. It is said to have the most powerful eight cylinder motor yet devised, being rated at 71 h. p. This car is also much lighter than some other eights, so should prove very popular with those seeking the combination of great power with light weight. It has a 137 inch wheel base, a seven-passenger, streamlined body, and is said to be finished most carefully in every respect. It will sell here for \$1725.

FEARS FOR THE AMERICANS

(Continued from Page One)

northern Sinaloa, according to advices received here today.

Fear of an attack by Yaqui Indians upon the American settlement in the Yaqui valley has increased, as all but fifty troops have been withdrawn from that vicinity to participate in the Carranza campaign to the north.

The necessity for maintaining an adequate garrison in the Yaqui valley for the protection of Americans and other foreigners, and thus possibly avoiding a massacre, is now being strongly presented to General Dignez by Admiral Winslow, who is proceeding with his flagship, the cruiser San Diego, and an expeditionary force for Topolobampo.

Naval officers are reported to have visited yesterday, Los Mochis and the scene of the recent raids. Foreign property in the outlying districts still is held by the Indians, but Carranza officials stated that these lands would be returned to their rightful owners as soon as they have been recovered.

According to today's dispatches, the naval officers saw evidences of looting at Los Mochis, and actually saw Carranza soldiers ransacking houses of Americans. This was immediately brought to the attention of Col. Zecobar, commanding the Carranza garrison, who promised that the looting would be stopped and the appropriated property returned.

Owing to the presence of Carranza troops in large numbers at Los Mochis, Americans who had taken refuge upon the United States gunboat Comanapa and those who had come for safety to Topolobampo, have decided to return to their homes at once.

JENNERS BEAT NO NAME CLUB

Some Names Formerly Well Known in Bowling Appear on Score Card of Y. M. C. A. Match; Progress of Tournament

My winning two out of three games the Jenners took the No Names into camp at the Y. M. C. A. last evening. The match was a part of the ambitious bowling tournament that has been started by the physical department of the association. Some players, who were extremely well known during the rainy days of bowling here a couple of seasons ago, are quite conspicuous in the scores, which are as follows:

Jenner's Old Timers			
Players	Game	Game	Game
Jenner	166	142	125
Munson	131	129	107
Cross	160	142	145
Lynn	117	122	125
Barnett	144	165	114
Totals	718	704	666

No Names			
Players	Game	Game	Game
Finch	140	123	103
Boone	150	162	135
Lovejoy	106	148	144
Anderson	121	122	150
Shrigley	179	171	152
Totals	696	727	724

I Apologize—

The response to my "Pay-as-You-Ride" plan of buying a Maxwell has been positively overwhelming. I never imagined that so many prospective Maxwell owners would be anxious to talk over the proposition. It is a personal offer—something that only I myself can discuss. Consequently, it has been impossible to meet all of those who requested interviews.

But I Promise—

If you were one of those who were not able to see me during the past two days, I promise that you will not again be disappointed. Every hour of the day and evening I have been convinced many will be "Maxwellites" of the feasibility of my "Pay-as-You-Ride" policy. That's why I know that a second call will be justified—that you will benefit greatly by this proposition.

A Personal Interview

I have called this a personal offer—and it is. The "Pay-as-You-Ride" plan is my solution to your problem of how to enjoy the advantages of motoring without wrecking your financial ship on a reef of extravagance. The Maxwell is the proven automobile of true economy. The "Pay-as-You-Ride" plan is the logical purchasing basis for the man with an every-day bank account.

1916 Maxwell 5-passenger Touring Car \$745 Including Electric Starter Electric Lights

It will be well worth your while to talk things over.
